

24-25 SchoolYear	Hillsborough County School	Grade	PUSS IN BOOTS supports / extends curriculum.	Please explain above response.	My students were engaged during this experience.	How was this a valuable experience for your students?	Please provide any additional comments or suggestions you may have.
11/15/2024 20:30		3rd Grade ELA	Strongly Agree	He tied in plot and story elements with students and we read Puss N Boots beforehand.	Strongly Agree	Students loved the show and many of them got to experience a marionette show for the first time in their lives. They were exposed to this type of performance art form when they otherwise hadn't of been able to.	My students absolutely loved this show! Thank you for your time.
11/17/2024 15:13		Grade 4	Strongly Agree	This drama truly supports 4th grade ELA standards- story elements, character point of view and perspective, as well as the genre of folk tales! The students were highly engaged and enjoyed seeing the written word come to life! One student said this was his favorite day of school so far.	Strongly Agree	See above!	
11/17/2024 17:58		PreK- 5th Media speciali	Strongly Agree	I can expose our students to different types/ genres of literature, but Jerry is able to bring those stories to life and expose our students to a live performance. For many of them, this is their only exposure to this type of show. His passion for what he does creates a memorable experience for students of all ages.	Strongly Agree	See above	I hope the district continues to offer these in-school field trips to our students!
11/17/2024 19:47		3rd grade, math & scien	Strongly Agree	The presenter does a wonderful job including the rich history behind the show.	Strongly Agree	They all loved the show!! It's so important for them to have these different arts experiences.	Nothing it was wonderful and enjoyed by all!!!
11/18/2024 8:35		Pre-K-5 Library Media	Strongly Agree	The students loved being able to see a puppet show at school. For most of them, it is their first experience with theater of any kind.	Strongly Agree	The students love learning about old stories and seeing the puppets.	We love having Bits and Pieces Theater here every year!
11/18/2024 19:37			Strongly Agree	Presenter had all students and teachers engaged. He explained and allowed students to ask questions about the presentation.	Strongly Agree	Students learned about folktales and story elements.	It was wonderful. Students look forward to this show.

11/18/2024 19:54	2nd/All subjects	Strongly Agree	Our students were just learning about marionets before the performance so seeing the marionets in action was exciting for them. As well, the connection to fairy tales meets 2nd grade ELA standards.	Strongly Agree	Many students have never seen a puppet show and this brought a well known fairy tale to life for them.
11/20/2024 11:22	1st	Strongly Agree	It went over the history behind the fairytales that we greatly love.	Strongly Agree	They were so engaged and interested in the engineering of the marionettes and the story. Just a great time! We truly enjoyed the performance.
11/20/2024 14:11	first	Strongly Agree	The show was a fairytale and we had just learned about fairytale elements.	Strongly Agree	Students were engaged in the story. They learned about story telling through the arts. It reinforced the fairytale elements.
11/20/2024 21:14	1	Agree	Performance connected to our read aloud "Balloons Over Broadway" as well as our connection to the Great American Teach In this week and the possible careers with stage art and performances.	Strongly Agree	Students connected this performance to their text from the previous day. Would attend again!
11/22/2024 10:24	2nd	Agree	The puppet show was very interesting to see. It helped out by talking about the main story elements in a story...plot, setting, characters, solution.	Strongly Agree	Most of our students aren't able to go out and see a puppet show. This was a new experience for most of them.
11/22/2024 11:21	Second grade language	Strongly Agree	Our curriculum includes fairy tales, and this was a great way for students to enjoy a fairy tale, through a different medium.	Strongly Agree	It not only extended our curriculum in a fun and engaging way but also gave children practice for being a polite audience. They also got to learn how the marionettes work. It was great! Thank you so much!
11/22/2024 11:17		Strongly Agree	This was an absolutely wonderful theater experience for my kids. It hit the standards very well and kept the students highly engaged. Would love to see the other plays in the future!	Strongly Agree	Great interactions and content based.

11/22/2024 13:14	First Grade	Strongly Agree	This program included reading standards that first graders are working on this year such as Characters, Setting, retelling, and genre. Science of building the puppets was also discussed at the end of the program (a form of stem/ art)	Strongly Agree	Students could see and listen to the time that went into the program. The presenter explained how he practiced preparing for this program after he and some colleagues made the puppets, script, and music for the show. Good things take practice and time.	Students were engaged the entire time. The presenter was wonderful! Would love to see him again next year.
11/22/2024 14:08	2	Agree	The performer interacted with the children to explain setting of a story and how it relates to the set design of the production.	Strongly Agree	The students were very engaged and enjoyed the performance	
11/22/2024 15:25	2nd	Agree	We don't typically go to plays or theaters so this was a great extension.	Strongly Agree	It was a fun experience to see how someone is so talented with a small stage, string and puppets.	
12/3/2024 14:37	2nd grade	Strongly Agree	The play supports the elements of a fiction story, sequencing a story, and teaches them the moral of a story.	Strongly Agree	My students really enjoyed this play, they were engaged and commented that they enjoyed the show!	My students enjoyed when the puppets where around them.
1/7/2025 9:34	KG	Strongly Agree	Characters and settings	Strongly Agree	He brought the story from the book to life!	Great job!
1/7/2025 13:27	3rd	Agree	Exemplifies storytelling and story elements	Agree	Students are seeing additional mediums of literature to support their understanding of text.	
1/8/2025 10:05	K-5	Strongly Agree	Mr. Bickel's show aligns with our standards and offers extensions.	Strongly Agree	Our students do not often get exposed to the arts.	Mr. Bickel is amazing. The students love his performances, and we are always thrilled to have him here.
1/9/2025 7:41	1st Grade / Math & Scie	Agree	The performance helps to extend understanding of reality and fantasy situations.	Agree	This experience definitely helped my students' imaginations to soar as well as teaching them a bit of French/European history.	
1/9/2025 14:54	First Grade/General Sub	Agree	To reinforce the literacy area beyond the classroom with the integration of the fine arts. This performance allowed students to see some story elements such as problem and solution up close.	Strongly Agree	To understand the importance of friendship and how to conduct themselves during school events.	Great experience for most of the students who will never get to see a puppet show. It was a great show with a lot of students who were truly amazed with the performance.
1/9/2025 15:45		Strongly Agree	We teach different genres including plays.	Strongly Agree	They were fully engaged and followed the storyline.	We would love another show next year.
